

ABOUT ACME.ERP

Acme.erp is a specialized ERP Solution tailored for Religious and Non-Profit Organizations.

- Acme.erp is a client-server Windows application paired with a cloud-based platform, tailored for the administration and management of religious institutions and NGOs, regardless of their size and hierarchy.
- Crafted as an all-encompassing Enterprise Resource Planning solution, Acme.erp is structured to function as both a Head Office and Branch Office Suite, ensuring cloud-hosted accessibility for all relevant stakeholders.
